Anti - Discrimination Policy

It is the policy of the JAC that sexual harassment or harassment of a racial, ethnic or religious nature in the workplace is unacceptable and will not be tolerated. All apprentices are expected to avoid any behavior or conduct toward any other employee or apprentice that could be interpreted as sexual, racial, ethnic or religious harassment.

Sexual harassment includes unwelcome sexual advances, either verbal or physical, whenever: (1) submission to the conduct is either an explicit or implicit term or condition of employment; (2) an apprentice's reaction to the conduct is used as a basis for employment decision affecting the apprentice; or (3) the conduct has the purpose or effect of interfering with the apprentice's work performance or environment.

No apprentice should be subjected to unsolicited, unwelcome sexual overtures, nor should any apprentice be led to believe that any employment opportunity or benefit would in any way depend on cooperation of a sexual nature.

Sexual harassment is not limited to express demands for sexual favors. It may also include such actions as: (1) sexual oriented verbal kidding, teasing or jokes; (2) repeated offensive sexual flirtations, advances, or propositions; (3) continued or repeated verbal abuses of a sexual nature; (4) graphic or degrading comments about an individual or his or her appearance; (5) the display of sexually suggestive objects or pictures; (6) subtle pressure for sexual activity; and (7) physical contact, such as patting, pinching or brushing against another's body.

Sexual harassment does not refer to occasional compliments of a socially acceptable nature. It refers to behavior, which, is not welcomed, personally intimidating, hostile and or offensive. Which debilitates morale and which therefore interferes with an individual's work effectiveness.

Any apprentice who feels that he or she has been the victim of sexual, racial, ethnic or religious harassment or observes such harassment in the work place, may file a written complaint with his or her Coordinator or the Director. If any of the forgoing persons are involved in the harassment, the apprentice may file a complaint directly with the Trustees of the Trust.

All complaints will be thoroughly investigated. If the complaint is found to have merit, corrective action will be implemented. If the investigation is found to be without merit, all involved parties will be so notified.

If an apprentice believes that his or her complaint has not been satisfactorily resolved, the employee may file a complaint with the Equal Employment Opportunity Commission or the Division of Fair Employment and Housing.
